Dear Residents,

**2016** has been an unusual year with several unprecedented surprises – Brexit, the election of Mr Trump as the 45th President of the United States of America, Joseph Schooling breaking the Olympic record and winning Singapore's very first Gold medal at the Rio 2016 Olympic Games. Many did not expect these events to happen, but they did.

The recent fire on 11 October 2016 that burnt down the market and eating houses at Jurong West Street 41 was a timely reminder for us to be alert and be prepared for emergencies and unexpected events. Very promptly, the Jurong Central Citizens Consultative Committee, the Jurong West Street 41 Merchant Association, the staff from the Peoples' Association, the Town Council, the HDB as well as many government agencies put in their best effort to build a temporary market. The temporary market started operations on 1 January 2017 in time for the Lunar New Year rush. It allows the affected stall holders to re-start their business while waiting for the permanent replacement market to be built.

Meanwhile, I am excited to inform you of the winning entry of the new logo for Jurong-Clementi Town Council (JRTC). The logo, as shown on the front page of this newsletter, was chosen from 96 entries contributed by our residents for the logo competition held in the month of September 2016. Congratulations to Mr Tan Tong Wee of Taman Jurong for the winning entry.

This Lunar New Year, I would like to take the opportunity to wish everyone good health, good living and great prosperity!

With regards,

**Ang Wei Neng**

Chairman of Jurong-Clementi Town Council

## 亲爱的居民

**2016**年是个非凡的一年，发生了几个史无前例的事件，令人感到惊讶。先是英国公投脱欧，接着是特朗普当选美国第45任总统，随后是约瑟林破天荒在2016年里约奥运会上为我国赢得首面金牌。以上事件，虽然出乎众人意料，却是真有其事。

2016年10月11日，裕廊西41街巴刹和咖啡店失火，及时提醒我们必须时刻提高警惕，准备应对一切紧急和意想不到的事故。所以裕廊中公民咨询委员会，裕廊西41街商联会，人民协会，市镇理事会，建屋局和多个政府机构迅速采取行动，竭尽所能，赶建一个临时巴刹。这个临时巴刹已在今年1月1日开张，方便居民在农历新年之前购买年货，同时也让受影响的摊主在等待兴建永久巴刹期间能在临时巴刹暂时营业。

另一方面，在去年9月所举行的裕廊-金文泰市镇理事会新标志设计比赛，成绩已经揭晓，优胜作品就刊登在本期简讯的封面上。这份优胜作品是从居民所提呈的96份参赛作品中选出来的。我们要恭喜住在达曼裕廊的陈忠伟先生获得优胜奖。

农历新年已至，我在此祝愿大家身体健康，生活愉快，万事如意！

洪维能

裕廊—金文泰市镇理事会主席

## Penduduk sekalian,

**2016** merupakan tahun yang luar biasa dengan beberapa kejutan yang belum pernah terjadi – Brexit, pemilihan Encik Trump sebagai Presiden ke-45 Amerika Syarikat, kejayaan Joseph Schooling memecah rekod Olimpik dan memenangi pingat Emas pertama Singapura di Sukan Olimpik Rio 2016. Ramai tidak menjangka peristiwa-peristiwa ini akan berlaku, tetapi ia telah berlaku.

Kebakaran baru-baru ini pada 11 Oktober 2016 yang memusnahkan pasar dan gerai-gerai makan di Jurong West Street 41 adalah pengingatan yang kena pada masanya agar kita sentiasa berwaspada dan bersedia dalam menghadapi kece-masan-kecemasan dan kejadian-kejadian yang tidak dijangkakan. Dengan cepat sekali, Jawatankuasa Perundingan Rakyat Jurong Central, Persatuan Peniaga Jurong West Street 41, kakitangan Persatuan Rakyat, Majlis Bandaran, HDB serta banyak agensi pemerintah telah berusaha bersungguh-sungguh untuk membina pasar sementara. Pasar sementara itu telah memulakan operasi pada 1 Januari 2017 supaya penduduk sempat membeli barang keperluan mereka bagi Tahun Baru Cina. Ia membolehkan para pegerai yang terjejas untuk memulakan semula perniagaan mereka sementara menunggu pasar gan-tian dibina.

Sementara itu, saya teruja untuk memak-lumkan kepada anda pemenang pertand-ingan bagi logo baru Majlis Bandaran Jurong-Clementi. Logo ini, seperti yang ditunjukkan di halaman depan 'newsletter' ini, telah dipilih daripada 96 sertaan yang

disumbangkan oleh penduduk kita bagi pertandingan logo yang diadakan pada bulan September 2016. Tahniah kepada Encik Tan Tong Wee dari Taman Jurong bagi sertaan yang menang.

Pada Tahun Baru Cina ini, saya ingin mengambil kesempatan ini untuk mengu-capkan kepada setiap orang kesihatan yang baik, kehidupan yang baik dan kemakmuran!

Selamat sejahtera,

**Ang Wei Neng**

Pengerusi

Majlis Bandaran Jurong-Clementi

Mr Tan Tong Wee won first prize and \$1,000 in the Town Council logo contest

Tong Wee is studying engineering at NUS. Design is just a hobby for him. When he saw the contest for our logo, and what it should try to show, "I just got pretty lucky," he said. "I wanted to use water droplets to symbolize the 'clean and green' we all want. And the droplets looked like 'J' and 'C'. That's how the idea came about!"

In his submission he explained how the C and J water droplets and the two leaves represent the clean and green environment the Town Council works to achieve. Together the two letters form a shape that symbolizes the unity among the communities within Jurong-Clementi. "And the two buildings within the enclosed contour signify the residents within the town living together harmoniously."

The judges liked his submission and the many symbols it contains. After some discussions with them, Tong Wee reduced the number of colours in his winning design to the three you see above.

# A visit to three community gardens

### 1. Atop the Multi-Storey Car Park at Block 372A Jurong East St 32

This roof top "Sky Garden" gets hot on a sunny day. So the gardeners you saw on the front cover usually work here from seven to nine in the morning or after six in the evenings.

Now there is a lift they can use instead of six flights of stairs. And The Town Council installed a gate and CCTV camera "so no one can take the fruit of our labour," said Mdm Kamisah Atan, leader of Jurong Central's Zone D Garden Interest Group.

Mdm Chan Kiew helping with the weeding. There's not as much to do as there was before the weednet was put between the plants in June 2015.

It's a very mixed group, with members from at least seven countries of all ages – the oldest being Mdm Kow Lang at 88!

They grow flowers and a lot of veg-

etables. "Anyone is welcome to come and work with us – or help us decorate the place." But it's not easy work.

Mdm Kamisah showing the Community in Bloom plaque they won for the Best Community Garden, 2016. Note the dozens of photos of pot-luck parties and other events the group enjoys together.

Mr Asari Rafie is Sky Garden's resident engineer. He's standing beside his mosquito-proof, odour-free, hydroponic system based on fish scraps from the market and discarded oil containers.

They pay for most of their tools and seedlings with the prizes they have won.

With paints, pots of flowers, handicrafts and hard work, they have made this roof a pleasant place to get together and to enjoy themselves with friends who share an interest in growing things.

## 2. At Block 106 Bukit Batok Central

Some of the active members of the Bukit Batok Zone 2 Garden Interest Group. Mr Ashworth and Mdm Lee are in the centre of this photo, directly above their names.

This estate was built in 1984 and a garden was set up here ten years later. There's a long neighbourhood park next to Block 106 and the garden became neglected. Then Mdm May Lee took leadership of the Zone 2 Garden Interest Group. "Everyone has been inspired by her selfless and generous attitude," said Mr Hing, a member of the group.

Mr Hing

The original Cozy Garden now has koi ponds, bonsai, amazing trellises and members have "created pieces of art to go with the plants," said Richard Ashworth, a sculptor who likes to work with recycled material. Lit like a fairyland by night, it has become a haven where residents wander, wind down, and socialize.

And the group has added two more gardens, a spectacular formal Culture and Arts Garden, and a Lush Garden featuring every fruit tree you can imagine. The

group has won many awards, including one for bio-diversity. "We have lots of butterflies and fish, besides all the flowers, fruit, vegetables and herbs. Teachers from at least five kindergartens and childcare centres bring their kids here. They're here on most non-rainy days!" said Mdm Lee.

Asked what advice they would give anyone wanting to start a community garden, the members were unanimous. You need to have a good leader and you should look for a patron to help with all the expenses. And be creative, have an interesting layout.

The Culture and Arts Garden has spectacular sculpture.

## 3. Atop the Multi-Storey Car Park at Block 346A Kang Ching Road

This is not your average community garden with beds built on an unused part of the common area around the blocks. This is the aqua organic system of urban farming. A maze of white pipes, 20m above ground, sprouting bright green leaves.

There is no weeding or watering to do here. To harvest the vegetables and herbs, you just pull them out of the planting material in the growing tubes. To plant, you just push the seedlings in. A trickle of water, rich in organic plant food, flows through the tubes to feed the plants.

Because it is always moving, the water provides no breeding place for mosqui-

toes. And the nutrients in it are organic. So the herbs and vegetables that grow here have none of the chemicals commonly used to grow the plants we eat.

"It's all about the 'S's,'" said Mr Teo Hwa Kok, Chairman of Citiponics, the company that manages this urban farm. "This method makes farming Simple. It produces food that is free of pesticides, that's Safe. The way we extract the organic nutrients for this system is Sustainable. Our methods provide a Secure food source. A simple, safe, sustainable system can have a huge Social effect!"

That was why Taman Jurong Zone D RC and Youth Chapter initiated this urban

farm. The pilot test was successful and DPM Tharman officiated at the first harvest.

What was a bare roof is now an amazingly efficient vegetable farm where residents can pick what they want, fresh, and know it's clean, safe – and truly organic.

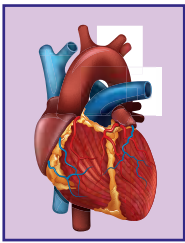

At the first harvest, residents took home some of the organic lettuce.

# This year Project Big Heart will give many in our Town help with **four** key health issues

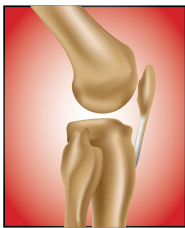

Any resident staying in Jurong GRC, Yuhua and Bukit Batok SMCs who has a CHAS or PG card can register for one of the services listed below, on a first-come-first-served basis. Vacancies are limited. Register now.

## Heart trouble

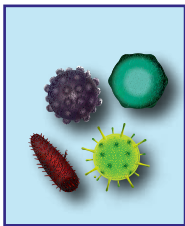

**Free Electrocardiogram (ECG Test)** A patient lies on a couch for a few minutes while the ECG machine measures the electrical impulses that cause the heart to beat via contacts taped to arms, legs and chest. With the ECG results, a doctor can evaluate the heart's condition, recommending follow-up if needed.

## Weak bones

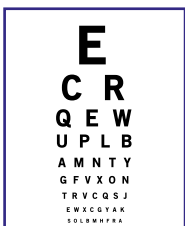

**Free Peripheral Bone Density Test** requires no special preparation. The foot is placed in a small device that measure bone density in the heel in a few minutes. If high bone loss is detected it could indicate osteoporosis or a high risk of fractures and the patient will be referred to a Polyclinic for follow-up.

## Viruses

**Free Flu Vaccination** – the best way to reduce the risk of getting sick with seasonal flu and spreading the virus to others. The flu vaccines cause antibodies to develop in the body that provide protection against the viruses that research indicates will be most common during this flu season.

## Eye problems

**Free Eye Check** that can detect Cataracts, Glaucoma, Age-related Macular Degeneration, Diabetic Retinopathy and Pterygium. If a problem is found, patients will be referred to a Polyclinic for follow-up. **These checks will be conducted at the Eagle Eye Centre in Westgate Mall.** Please register at the Community Clubs/Loving Hearts Multi-Services Centres listed here.

## Where to find out more – and sign up!

**P**roject Big Heart will actually be offering more services than the four listed here. Enquiries and registration can be made at:

### **Loving Heart Multi-Service Centres**

Blk 316, Jurong East St 32 Tel: 6567 4166

Blk 210, Jurong East St 21 Tel: 6897 4766

(Centres are open 9am–1pm, 2pm–5.30pm, Monday to Friday, except Public Holidays.)

### **Bukit Batok East Community Club**

23, Bukit Batok East Ave 4. Tel: 6565 9330;

### **Jurong Green Community Club**

6, Jurong West Ave 1. Tel: 6569 3806;

### **Jurong Spring Community Club**

8, Jurong West St 52. Tel: 6569 0484;

### **Yuhua Community Club**

90, Boon Lay Way. Tel: 6560 4490.

(CCs are open 9am–10pm, Monday to Sunday, except Public Holidays.)

The first three services listed here will be offered at the Community Plaza beside Blocks 312 and 316 Jurong East Street 32 on 9 April from 9am to 1pm. Registration for these services opens on 13 February and closes on 10 March.

Residents presenting a CHAS or PG card can register for one service and ask to be put on the waiting list for a second. If a vacancy is available for the second they have requested, they will be told in good time. Transport will be arranged for residents staying in Bukit Batok East.

Project Big Heart is supported by the Fullerton Health Foundation, Loving Heart Multi-Service Centre (Jurong), Eagle Eye Clinic and Jurong Central GROs.

## Ten new linkways for Blocks 432 to 440 Jurong West Avenue 1/Street 42

**E**arly last December, residents of nine Blocks behind the Esso station on Jurong West Avenue 1 came down to vote for the final plans prepared for their Neighbourhood Renewal Programme (NRP).

But it was more of a celebration than an NRP poll. There were slides and bouncers for the kids, dozens of games – including one where you threw a ball and, if you hit the target, some poor soul

got dumped in a tank of water! – hot dogs and popcorn. And all the final plans were on display.

The precincts will be linked with another ten linkways. “It’s very good,” said Mdm Lim, who lives in Block 436. “We’ve waited a long time!”

The plans also include a new children’s playground, an adult fitness corner and two residents’ corners.

Shoppers at Jurong West are now better served with a food fair outside Block 505 Jurong West Street 52. It is part of the year-end festivities that the Merchants' Association regularly plans.

You'll find a selection of cooked food – well, you would need to resist gorging on otak first since they smell so good! Also on sale are canned and frozen goods, desserts, and fruit.

Luncheon meat at \$2 a can? Can.

There is method to the madness. "Rather

than going all over the place to do your shopping, you can just come here. And if you've been walking all day, isn't it nice to be able to cool down with some fresh fruits or dessert?" said Mr Ng Ngee Meng.

Going by the foot traffic at the fair right after its opening, the Merchants know their stuff. Mr Ng has been Chairman of the Merchants' Association for four years, and he's willing to share his secret to good business.

"At the malls, you can only browse. Here, we as shopkeepers will get to know you and cater to what you like."

# Health Fair in Bukit Batok

## 武吉巴督 保健展

With the help of ten community partners and healthcare providers, the second health fair late last year was a great success

The Task Force aims to promote medical knowledge in the community, to help everyone understand common health problems and how to handle them and stay healthy. It also aims to make healthcare more accessible and affordable for the elderly and needy.

At the fair, Mr Murali Pillai launched the Bukit Batok Mobile Clinic, to bring medical care closer to residents with the help of The Good Life Cooperative. The clinic will provide services such as vaccination against pneumonia and a programme to purchase medical supplies and equipment at affordable prices.

Mr Pillai also announced the new St Luke's Eldercare Centre in Bukit Batok. "With these added measures we hope to make our seniors even more comfortable where they have spent a good part of their lives," he said.

The new Mobile Clinic provided 150 free vaccinations against pneumonia while JurongHealth and Unity Denticare arranged free checkups.

**D**uring the South West District Public Health Award Ceremony, Bukit Batok, Jurong Central Zone E and Block 254 Jurong East St 24 won the following awards respectively: Highest Level of Ownership, Most Litter-Free Estate and the Cleanest Public Toilet Award.

Dozens of residents brought bags of recyclables to exchange for rice and noodles, then moved into the Hong Kah North Community Club for some fun at the booths.

You could test your skill at separating a bucket of household rejects into the right

bins. You could try your hand at turning a cardboard box into a work of art. You could learn how seeds fly, how to save electricity and water – and how important it is for us to keep the ancient horseshoe crabs alive and well.

You could even learn how to make bug repellent from a teaspoon of fresh parsley and 40ml of apple cider vinegar.

Our host was Mayor Low Yen Ling and Guest of Honour was Dr Amy Khor, Senior Minister of State, Ministry of the Environment and Water Resources.

**A**fter the fire incident on 11 October 2016, a new temporary market was set up to house 35 stalls at 495 Jurong West St 41. The new location, which was opened on 1 January 2017, was planned and built in just two months!

"We wanted the temporary market to be ready well before Chinese New Year. So we set the first of January as our target," said Mr Henry Ho, Chairman of Jurong Central CCC.

At the opening ceremony, MP for Jurong GRC (Jurong Central) Mr Ang Wei Neng thanked the various government agencies, contractors, donors, volunteers, etc., who had made the temporary market a reality.

He then announced that a new \$6m two-storey complex will be built by the HDB to replace the burnt-down market. It will have stalls and an eating house on the first floor and facilities for the community, especially the elderly, on the second.

Mr Tharman added that this was the Singapore Way. "When something unfortunate happens, everyone comes together to make sure that we recover... and do something even better!"

Mdm Chen opened her chicken stall at 6am that day. "I'm very happy. My old customers are back here to buy!"

# How to keep the common areas around your flat safe for everyone...

 Remember wheel chairs and ambulance crews need a clearway at least 1.2 metres wide. Make sure there's nothing in your corridor to block their way.

 Do not store items inside the firemen's dryriser, wetriser or hosereel cupboards.

 Make sure there is nothing in the common areas around your flat that could catch fire.

 Never put anything down the rubbish chute that might set fire to the trash below.

 Remember the staircase and landings are your fire-escape route - keep them clear at all times.

... and your flat safer for you

 Make sure all your appliances, lamps and decorative lighting chains, carry the Singapore SAFETY Mark.

 Switch off an electrical appliance before unplugging it from the mains.

 When plugging in or unplugging an appliance, hold the plug, not the cord, to prevent damage to the cord.

 Keep appliances such as decorative lighting chains, kettles and irons out of the reach of children.

 Replace damaged or frayed cords immediately.

 A socket-outlet can start overheating and catch fire if too many appliances draw power from it. Use portable socket-outlets or install additional wall sockets.

 Keep liquids away from your appliances and socket-outlets to prevent short circuits. Do not handle electrical appliances with wet hands.

# Fire Safety Quiz

## Congratulations to the winners of the last quiz

These winners will be notified by post: Caleb Tay Jia Ler, Cherry Lin, Hum Kwong Khuen, Khaja Abdul Bari, Kwek Ruby, Christie Tran, Loh Nguan Eng, Manjit Kaur, Winston Lee Ah Hgow, Vincent Neo Kok Hong, Nursyafiqah, Ryan Tan Jee Kian, Tay Wee Kong, Chee Siew Har, Lim Bock Chan, Punam Singh, Ho Lai Ling, Eileen Lim, Kamidah Setapha, Jenn Cheng Chuey Kuen.

**Y**ou have seen fire safety posters, visited SCDF exhibitions and learned how to keep your surroundings fire-safe. But do you know how to dispose of your rubbish safely?

Each of the items printed here are things you'll find thrown down the rubbish chute. Some are "DO"s and some are "DON'T"s – some could cause a fire.

Mark the "DO"s with a ✓ and the "DON'T"s with an ✗ and you could win a prize.

This contest is open only to the residents

of Jurong GRC and Yuhua and Bukit Batok SMCs. The Judges' decisions are final. Seal your completed official entry form in an envelope. Affix postage stamps and mail it to:

### Quiz,

c/o Jurong-Clementi Town Council, Block 630 Bukit Batok Central, #01-146, Singapore 650630.
