## Dear Residents,

On 29 April 2017, Jurong-Clementi Town Council jointly launched the pilot bicycle-sharing scheme with 3 companies, MoBike, oBike and ofo. The objective of this scheme is to bridge the last mile connectivity for those using public transport, facilitate cycling to town centres and to gear Singapore towards a car-lite society. Yellow boxes were drawn at void decks and town centres to facilitate parking of dockless bicycles. At the same time, residents can report indiscriminate parking and abuse of dockless bicycles to the three bicycle sharing companies directly for better efficiency (Mobike, oBike and ofo bike apps available for download and feedback) or refer to the Town Council. On 1 July 2017, more areas were dedicated to encourage cycling with the launch of the Jurong Lake Cycling Path. There was an additional 15 kilometres of cycling track. Do make full use of it by cycling to the Jurong Lake area with your family and admire the beautiful scenery.

With the completion of the sensory park, we have new and innovative playgrounds and exercise corners at Block 255 Jurong East Street 24 and Block 306 Jurong East Street 32. I will encourage you to visit the new amenities with your children for a pleasant surprise. This National Day, I wish all residents good health, happy bonding with fellow Singaporeans and together, we can build a brighter future for all of us.

Jurong-Clementi Town Council

## 亲爱的居民

2017年4月29日，裕廊—金文泰市镇理事会与MoBike、oBike和of0三家共享脚踏车业者合作，推出脚踏车共享试验计划。这项计划旨在为乘搭公共交通的居民解决最后一英里的衔接问题、鼓励更多人骑脚踏车到镇中心，以及促进新加坡迈向“减少用车”的目标。组屋底层和镇中心也划了新的黄格脚踏车停放区，给居民停放这些无车桩脚踏车。如果遇到随意停放或滥用脚踏车的情况，居民可以直接（通过摩拜、oBike和of0的手机应用）向这三家业者举报或向市镇会反映。随着全长15公里的裕廊湖区脚踏车道网络在2017年7月1日启用，我鼓励你与家人一起沿着脚踏车道骑到裕廊湖区，欣赏美景。

此外，感官公园的建造工程已完成，我们在裕廊东24街第255座组屋和裕廊东32街第306座组屋建了新的游乐场及健身角落。我鼓励你带孩子一起去体验这些新设施。国庆日将至，我祝愿大家身体健康，并与其他国人一起建立密切的关系，打造一个更美好的未来。

## Para penduduk sekalian,

Pada 29 April 2017, Majlis Bandaran Jurong-Clementi secara bersama telah melancarkan skim perintis perkongsian basikal dengan 3 syarikat: MoBike, oBike dan ofo. Matlamat skim ini adalah untuk mempertingkatkan hubungan bagi mereka yang menggunakan pengangkutan awam, memudahkan orang ramai berbasikal ke bandar selain mendorong pembentukan masyarakat Singapura yang tidak terlalu bergantung kepada penggunaan kereta. Petak kuning telah digariskan di kolong-kolong blok sebagai tempat meletak basikal pinjaman. Pada masa yang sama, penduduk boleh melaporkan penyalahgunaan basikal pinjaman atau basikal yang ditempatkan secara sembarangan, secara langsung ke syarikat penyedia khidmat basikal (muat turun aplikasi bergerak MoBike, oBike dan ofo, dan maklum balas), atau merujuknya kepada Majlis Bandaran. Pada 1 Julai 2017, lebih banyak kawasan disediakan bagi menggalak penduduk berbasikal dengan pelancaran Laluan Berbasikal Tasik Jurong, yang menyediakan 15 kilometer laluan berbasikal tambahan. Diharapkan anda memanfaatkannya dengan berbasikal ke Tasik Jurong dengan keluarga anda dan menikmati keindahan kawasan itu.

Dengan selesainya pembangunan taman deria, kami telah mengadakan taman permainan dan sudut senaman yang baru dan inovatif di Blok 255 Jurong East Street 24 dan Blok 306 Jurong East Street 32. Saya ingin menggalak anda untuk mengunjungi kemudahan baru ini bersama anak-anak anda bagi menikmati kejutan yang menarik. Sempena meraikan Hari Kebangsaan yang bakal menjelang, saya mengharapkan seluruh penduduk menikmati kesihatan yang baik, gembira dalam menjalin hubungan dengan warga senegara dan bersama-sama kita membina masa depan yang lebih cerah untuk kita semua.

**Encik Ang Wei Neng**

Pengerusi

# Welcome bicycle sharing

On Saturday 29 April, Jurong-Clementi Town Council signed a Memorandum of Understanding (MOU) with three bicycle sharing companies – Mobike, oBike, and ofo – for a one-year pilot bicycle sharing programme.

Under the MOU the bicycle-sharing companies have to ensure that their bikes are parked properly, remove bicycles that are not, and provide third-party insurance covering accidents or damage caused by their bikes. In return, the Town Council is providing 30 bicycle “parking zones” around Jurong Central and will add more bicycle racks that will be funded by the bicycle-sharing companies.

The MOU also requires the companies to take steps to mitigate indiscriminate parking, including geofencing measures, and provide information to the authorities about their customers’ cycling patterns. This will help the LTA and Town Council improve the cycle-path network that is being built here.

## Everyone is watching us!

“The whole of Jurong and the whole of Singapore is watching this pilot scheme,” said MP Ang Wei Neng at the launch. “We want to embrace bicycle-sharing rather than reject it.

“We want our residents to enjoy the convenience of sharing bicycles right at the void deck.”

To minimize the inconvenience to residents of bicycles that have been parked in front of lifts or letterboxes, for example, the bicycle-sharing companies agreed to set up contact centres. If they get a complaint between 8.30am and 7pm, their bicycles would need to be removed within 4 hours. After 7pm, their bikes would need to be removed by 7am the following day.

Mr Ang said that the success of this scheme would depend on how bike-sharers behaved and noted that their good behaviour could be achieved with education.

# Launch of Jurong Lake District Cycling Paths

A new 15km dedicated cycling path network opened in Jurong on Saturday (July 1), the latest in the LTA's long term plan to progressively construct dedicated cycling path networks in all HDB towns.

Launched by Deputy Prime Minister Tharman Shanmugaratnam, the cycling network winds its way around the Jurong Lake District, passing by Jurong East MRT station and its neighbouring shopping malls, Jurong Town Hall, the Science Centre and the Chinese and Japanese Gardens, as well as several schools in our Town.

The network is expected to be joined to the neighbouring Taman Jurong estate, which will have its own cycling path network by the end of 2020.

LTA has also increased bicycle parking facilities, with more than 600 lots at both Chinese Garden and Lakeside MRT stations. The transport authority said it would continue to monitor the demand of bicycle parking in Jurong, and look at enhancing the provision of parking facilities at various locations, such as the major transport nodes.

To encourage rider safety and a "harmonious sharing culture" in the area, the LTA also introduced the Active Mobility Patrol Scheme, an initiative that has seen almost 100 volunteers from various grassroots organisations in Jurong forming teams to engage and educate the residents on safe riding habits.

Mr Tharman pushes the lever that brightens Jurong for all of us.

# Sprucing up homes at Bukit Batok East

## 武吉巴督东居民家园获披新装

**T**his Hari Raya, residents in Bukit Batok East were able to enjoy newly coated walls to celebrate the festive season, thanks to the Student Council of Clementi Town Secondary School. The project was initiated by the students themselves, and they planned it. Student councillors painted five homes, sharing a spirit of teamwork and enjoying the process altogether.

Mdm Rahayu Mahzam, MP for Jurong GRC, also dropped by to say hi and got involved in painting with the students! It was a fun experience for all.

Justin Ong, Project Coordinator for this project, shared that the inspiration of the painting came from his father, who happens to be the CCC Chairman, Mr Richard Ong, BBM, and found this idea to be "very meaningful" for the students. "Through this project, the students will have a wider view of their lives and understand the community better."

### Residents were happy

One of the residents, Shadijah, was happy to welcome a newer look of her home and was glad that the students came to help with the re-painting.

Yanqi, Vice-President of the Student Council, shared that the idea also started with a purpose of doing something meaningful for families. "In the spirit of Hari Raya, we wanted to recreate the meaning of a home for the Malay families so that they get to celebrate Hari Raya with a newer vibe to their home."

Although the students got themselves slightly painted during the project, they were all having a good time contributing to the community. Great job, Clementi Town Secondary School!

# Keep Clean,

Previously called "Operation WE Clean Up!", the initiative was started by the Public Hygiene Council in 2013. This year, it has been renamed "Keep Clean, Singapore!", with the same purpose of encouraging Singaporeans to be mindful of the environment and keep our country as litter-free as possible. A big thank you to all residents who participated in this project – and to our cleaners for all the work they do, every day, to maintain the cleanliness of our Town!

# Back in business at 505

**W**hether it's bright-eyed fresh fish or tasty chicken rice you're after, the market and food centre at Block 505 Jurong West Street 52 has been the place of choice for those of us living nearby. After closing for repairs

and redecoration on 1 March, the market reopened to fanfare and fantastic business on 1 June.

Mr Desmond Lee officiated the opening on 4 June, and presented plaques of appreciation to those who had contributed to the centre's rejuvenation. With

better seating, better ventilation and a great new look, the centre we know and love is now much more comfortable to shop and eat in. And going by the queues at the stalls, everything has kept its quality and taste.

Here's to many more bustling mornings.

This gave to-be home owners an opportunity to familiarise themselves with the new environment, learn useful tips as homeowners and engage with DPM Tharman, Grassroot Organisations, agencies, as well as the community.

An exhibition was also held to feature new facilities, renovation and maintenance tips, neighbourliness tips as well as information on the HDB Friendly Faces, Lively Places fund.

Our new friends also had a great time with the activities organized and they found the roadshow to be informative. The event was a success and we are glad everyone had a good time!
