Dear Residents,

Within the next 15 to 20 years, we will witness Jurong Lake District (JLD) being transformed into Singapore's second Central Business District. JLD will become Singapore's new gateway with the upcoming High-Speed Rail Terminus.

Some exciting future developments include a new Science Centre, the much enlarged Jurong Lake Gardens, a Central Park and a new island constructed within Jurong Lake. Many residents have attended the townhall sessions at Yuhua Community Club and Taman Jurong Community Club and have given valuable feedback for the government agencies to work on.

The Town Council remains committed in maintaining the neighbourhoods within the town. We are constantly looking into providing amenities to enhance the living environment, e.g. covered linkways, playgrounds, fitness stations, barrier-free access paths, CCTVs and more drop off points.

We observed that more and more people are using bicycles to move around. Recently, there have been fires caused by charging electric bicycles. This is a reminder that we should not leave electrical devices to charge without being attended to as the device may overheat and catch fire.

We value feedback from our residents and will strongly encourage you to make use of OneService mobile app, which is easy to use. If you come across maintenance and cleanliness issues, snap a photo and inform us through the OneService mobile app. We hope to work hand-in-hand with our residents and also encourage positive ownership towards this shared living space.

I wish all residents a Happy New Year, and may 2018 be a prosperous year for all!

亲爱的居民

在未来15至20年内，裕廊湖区将成为新加坡第二个中央商业区。新隆高铁的终点，也将在裕廊东落户，成为我国新的焦点。

此外，新的科学馆、崭新的裕廊湖公园、中央公园和裕廊湖内的新岛屿，都会为裕廊加添许多新元素。与此同时，我们知道很多居民皆出席了裕华民众俱乐部和达曼裕廊民众俱乐部举行的反映会，并给有关当局提供了许多宝贵的意见，我深信当局都会仔细考量您的建议。

另一方面，市镇理事会也将致力于改善邻里的设施，不断的探讨增添有盖走道、游乐场、健身站、无障碍通道、闭路电视、有盖上下车处等等。

此外，我们注意到越来越多人使用脚踏车，而电动脚踏车充电引发火患的新闻屡见不鲜。所以，我们在这里要提醒居民们不应该在没人看顾的情况下充电，以免电池过热而着火。

我们一向重视居民的反馈，并鼓励你善用一联通 (OneService) 手机应用程序来提出意见。它容易使用，您如果遇到维修和清洁不妥的地方，就可以拍下照片，通过这个应用程序通知我们。我们希望和居民携手合作，一起打造一个舒适的环境，共同培养对邻里的归属感，利人利己。

我在此顺祝所有居民，新年快乐，万事如意，并希望大家过一个幸福美满的2018年！

Para penduduk yang dihormati,

Pada 15 hingga 20 tahun yang akan datang, kita akan menyaksikan perubahan Daerah Tasik Jurong (JLD) untuk menjadi Kawasan Pusat Bandar kedua di Singapura. JLD akan menjadi gerbang baru Singapura melalui stesen rel laju yang mendatang.

Di antara perkembangan menarik yang akan datang adalah Pusat Sains baru, Taman Tasik Jurong yang diperbesarkan, sebuah taman sentral, dan sebuah pulau baru yang akan dibina dalam Tasik Jurong. Ramai penduduk telah hadir sesi dewan bandar di Kelab Masyarakat Yuhua dan Kelab Masyarakat Taman Jurong, dan telah memberi maklum balas berharga yang akan digunakan oleh para agensi kerajaan sebagai tindakan untuk perkembangan yang akan datang.

Majlis Bandar akan terus mengutamakan penyelenggaraan kawasan kejiranan di bandar ini. Kita sentiasa berusaha untuk sediakan kemudahan yang memperbaiki kawasan hidup penduduk, seperti tempat jalan yang berbumbung, taman permainan, stesen senaman, kawasan laluan bebas, CCTV dan tempat anjungan kereta.

Kita perhatikan bahawa lebih ramai orang kini gunakan basikal sebagai cara ulang alik. Baru-baru ini, terdapat kebakaran yang disebabkan oleh basikal elektrik yang dibiarkan semasa mengecaj. Ini adalah pengingatan bahawa kita tidak patut biarkan peranti elektrik mengecaj tanpa diawasi kerana ada kemungkinan ia menjadi terlalu panas dan menyebabkan kebakaran.

Kita hargai maklum balas dari para penduduk dan galakkan anda supaya gunakan aplikasi mudah alih OneService yang sangat mudah untuk dikemudikan. Jika anda temui masalah penyelenggaraan dan kebersihan, ambil gambar dan beritahu kita lalu aplikasi mudah alih OneService. Kita harap dapat bekerjasama dengan para penduduk dan juga menggalak sikap pemilikan positif terhadap tempat-tempat yang dikongsi semua.

Saya mengucapkan semua penduduk Selamat Tahun Baru, dan semoga 2018 menjadi tahun yang berhasil untuk semua!

HERITAGE WALKABOUT WITH MINISTER LAWRENCE WONG

与部长黄循财先生踏上文化遗产之旅

Minister for National Development and Second Minister for Finance Mr Lawrence Wong embarked on a heritage walkabout in Clementi on the morning of 24 September 2017, together with MP for Jurong GRC, Dr Tan Wu Meng.

His walkabout began with a breakfast session with residents at Clementi Central Market and Food Centre, where the traditional spread brought a hint of nostalgia to many who were present. Residents also shared their fond memories of Clementi when Minister Lawrence Wong approached them.

Minister Lawrence Wong later officiated the launch of the Silver Zone along Clementi Avenue 3. A joint effort with the Land Transport Authority, the Silver Zone was built to enhance road safety in Clementi town where many elderly residents reside. Road safety features were built to ensure the safety of both seniors and wheelchair-bound pedestrians.

Casa Clementi residents then greeted Minister Lawrence Wong at their Community Garden at Block 420A Clementi Avenue 1. Mother-daughter pair May Lee and Brender Lee prepared a healthy chicken wrap for him, using fresh harvest from the garden. He then mingled with residents at a Block Party held at a pavilion near Block 416 Clementi Avenue 1.

The walkabout ended on a high note with Minister Lawrence Wong taking a wifie with residents performing line dance at the pavilion beside Block 323 Clementi Avenue 5, before visiting nearby coffeeshops to meet more Clementi residents and visiting families. A bustling town, the kampung spirit in Clementi is kept very much alive, be it yesterday, today or tomorrow!

EMBRACING PARENTHOOD

全家共享亲子乐

Parenthood is more enjoyable with the support of the community. On 21 October 2017, a group of young parents mingled and shared parenting tips with one another at the Embracing Parenthood event held at the pavilion near Block 423A Clementi Avenue 1.

MP for Jurong GRC, Dr Tan Wu Meng, graced the event. A father himself, he said, "We all know first-hand the joy that comes with holding your newborn baby in your arms. Parenthood is a most amazing journey. As such, we must keep on doing our best to make sure that our children grow up with a good start in life."

Parents benefited by learning about the many perks in store for them, such as the NTUC Good Start Bundle and the Baby Blisscard, given out by South West Community Development Council, while toddlers learnt about colours through lullabies such as 'Twinkle Twinkle Little Star'.

Ben Wu, 30, shared, "When I had my first son four years ago, it was tough. Luckily my parents helped. I am very grateful to them."

CSP PAVING THE WAY TO A WIN-WIN DEAL

职业支援计划迈向双赢局面

Mrs Yeo, who is **45 years old**, resigned from her job for personal reasons. When she was ready to return to the workforce after two years, she faced many challenges.

She was out of touch with the fast-paced and ever-changing marketing industry, an area that she specialised in before she left her job. **She was actively looking for a job for more than 12 months.** Thanks to Career Support Programme (CSP), she was hired as a Marketing Manager at a **Small and Medium Enterprise, earning \$3,600 per month.**

Based on Mrs Yeo's profile:

Mrs Yeo gets:

First 6 months		Second 6 months		Third 6 months	
Employer pays	Salary Support*	Employer pays	Salary Support*	Employer pays	Salary Support*
\$1,800 per month	\$3,600 x 50% = \$1,800 per month	\$2,520 per month	\$3,600 x 30% = \$1,080 per month	\$2,880 per month	\$3,600 x 20% = \$720 per month

* The quantum of salary support from the Government is tiered based on the job seeker's profile. All funding is on reimbursement basis upon submission of relevant documents in two six-monthly tranches.

SAFE AND RESPONSIBLE BICYCLE-SHARING

安全与负责停放共享脚踏车

Shared bicycles that are indiscriminately parked or abandoned could soon be a thing of the past. Five bicycle-sharing operators¹ signed a Memorandum of Understanding (MoU) on 5 October 2017 to encourage responsible use of bicycle-sharing services in public spaces.

The MoU takes a four-pronged approach, using technology, education, enforcement and provision

of more bicycle-parking spaces to tackle the problem. Operators will adopt geo-fencing technology, which alerts them each time bicycles are parked outside designated parking zones, by the end of 2017. They will also participate in educational campaigns by co-funding public education initiatives on safe riding and responsible parking.

Regulations-wise, operators have agreed to share anonymised trip data

with the Land Transport Authority to facilitate the planning of active mobility infrastructure. They are also required to remove faulty bicycles within a day, and provide liability insurance for users to improve user safety.

More than 4,000 yellow bicycle-parking boxes for privately-owned and shared two-wheelers will be provided by the end of 2017 as well.

Collective MOU on Bicycle-Sharing

Establishing a collective agreement on the operations of shared devices in public spaces to enhance safety and to minimise any inconvenience to others.

Under this Agreement, Bicycle-Sharing Operators will:

Remove indiscriminately parked bicycles within half a day

Remove faulty bicycles within a day and ensure bicycles are in good working condition

Purchase public liability insurance for users and victims of accidents caused by users

Educate users on proper parking and safe riding behaviours

Implement geo-fencing technologies by end of 2017

Share data with government agencies to facilitate the planning of active mobility infrastructure

More than **4,000** yellow bicycle-parking boxes will be drawn

Watch out for more details on how you can contribute to build a considerate sharing culture and win rewards
Sharing a more considerate and gracious bicycle-sharing culture in our community

¹ These operators are Obike, Ofo, Mobike, Gbikes, and SG Bike.

A GREENER JURONG-CLEMENTI TOWN

绿化裕廊-金文泰市镇

Renewing the commitment towards a greener town, Jurong-Clementi continued the time-honoured tradition of tree planting at various locations in the months of October and November. Shore Eugenia trees, also known as *Syzygium antisepticum*, were planted. Growing up to a height of 15 to 20m, these trees not only provide shade

but also beautify the environment with their copper-red trunks and green-white flowers. As MPs of Jurong-Clementi and residents planted the trees, this was also a time for bonding and getting in touch with nature. The elated faces of MPs and residents bear testimony that tree planting is indeed therapeutic and fun!

WALKING THE GROUND FOR BETTER UNDERSTANDING

走访邻里，深入了解民情

Residents at Bukit Batok had a rare chance to have breakfast with Minister in the Prime Minister's Office Mr Chan Chun Sing during his Ministerial Visit on 29 July 2017. Minister Chan was greeted by senior citizens having their regular exercises near the pavilion of Block 230A Bukit Batok Street 21, before heading to mingle with Bukit Batok Zone 9 residents over breakfast. He later proceeded to the Block 217 Bukit Batok Street 21 coffee shop for a coffee session jointly led by MP for Bukit Batok SMC Mr Murali Pillai, Chairman of Bukit Batok Citizens' Consultative Committee Mr Peter Yeo, BBM and Chairman of Bukit Batok Community Club Management Committee Mr Lim Boon Lye, PBM.

Keen to know the sentiments of residents at new Built-to-Order (BTO) flat Skyline 1, Minister Chan visited two residential units and the Sky Garden on the 24th floor to see the newly erected safety fences. This was followed by conversing with the residents at the Fun Walkers' Breakfast, organised by Bukit Batok Zone 10 Residents' Committee.

Referring to the safety fences that deterred children from climbing onto the roof at the Sky Garden, Minister Chan complimented the proactive community efforts of the BTO Task Force. "This shows a certain dynamism among the grassroots network to keep pace with the challenges and aspirations the community is facing. They are not contented to just use conventional channels to solve conventional problems. In fact, they're constantly looking for new solutions to meet the aspirations of the new generation of residents, and to meet the new needs of existing residents," he said.

UNVEILING THE FUTURE OF JURONG LAKE DISTRICT

展现裕廊湖区未来面貌

The 360-hectare Jurong Lake District (JLD) will be developed in the next 15 to 20 years to create a 'live, work, play and learn' environment. Along with the addition of 100,000 new jobs and 20,000 homes, JLD will become the second Central Business District in Singapore.

Speaking at Yuhua Community Club where the JLD Masterplan exhibition was held on 21 October 2017, Minister for Culture, Community and Youth and MP for Yuhua SMC Ms Grace Fu said, "I think the Masterplan is going to put Jurong Lake District on a different plane after the development. It is important that we work with you, the residents, shop owners, stakeholders and planners so that there is accommodation of the needs from all parties."

During another townhall session at Taman Jurong Community Club, Deputy Prime Minister Mr Tharman Shanmugaratnam, also the MP for Jurong GRC, explained, "The JLD Masterplan is about work and jobs. It is about high quality living which you are all looking forward to. And it is also about strengthening our community."

Minister for Social and Family Development, Second Minister for National Development and MP for Jurong GRC Mr Desmond Lee, assured residents that the developments will be made elderly-friendly through the smart use of technology.

Residents were clearer about the features of JLD Masterplan and its benefits after the MPs fielded their questions, which ranged from facilities usage to transport. Residents' feedback were also recorded during the sessions.

SCIENCE ART AS ONE

科学与艺术合一

As part of the PAssionArts Festival 2017, the Yuhua PAssionArts Festival was launched on 5 August 2017 at the Science Centre, in conjunction with the Science Art as One Exhibition. Deputy Prime Minister and MP for Jurong GRC Mr Tharman Shanmugaratnam, along with Minister for Culture, Community and Youth Minister and MP for Yuhua SMC Ms Grace Fu, and MPs Mr Ang Wei Neng, Dr Tan Wu Meng, Mdm Rahayu and Mr Murali graced the event.

Over 2,100 residents from Jurong GRC, and Yuhua and Bukit Batok SMC

co-created inspiring art installations with local artists in the Science Art as One Exhibition. The fusion of science and arts was truly spectacular, and showcased the creative talents in our community. Residents were treated to a memorable evening of ukulele performances and singing of NDP songs such as "Home", in the lead-up to National Day celebrations.

"The theme of PAssionArts Festival this year, 'Arts of Wonder, One Nation', celebrates the creativity and innovative spirit of Singaporeans. Collaborating

with artists, residents from all walks of life have the common experience of creating and enjoying art at the heart of their constituencies," Minister Grace Fu said.

Banu, 38, said, "My five-year old daughter learnt more about other cultures through art installations." This is evidence that the Yuhua PAssionArts Festival has drawn the community closer, allowing everyone to appreciate the diverse cultures through the lens of art.
